Subject: meeting with NOAA/EPA and State on HTL

Rob,

Per our conversation it would be good if EPA, NOAA and the State could sit down and talk about HTL/shoreline. The key invitees for EPA and NOAA are me and Michael Szerlog (404 program manager) for EPA and Elizabeth Babcock from NOAA. We may invite others as well but will let you know ahead of time.

Let me know if I can help with next steps in setting that meeting up.

FYI – Damon Lily (USACE District) also called me to talk about your conversation and wanting to have a joint meeting with USACE/EPA/NOAA and the State as well but I have not been able to follow up with him yet.

Thank you,

Peter
